DEFINITIONS

Agricultural Use means use for the primary purpose of

- (a) growing crops or fodder for use or for sale;
- (b) raising livestock or poultry for sale;
- (c) operating a poultry establishment for the production of eggs for sale;
- (d) operating a mink or fox establishment maintained for their pelts for sale or for sale as breeding stock;
- (e) operating a dairy establishment maintained for the production of milk or cream for sale;
- (f) operating a feed lot upon which cattle are kept or fed for marketing;
- (g) operating an apiary of hives of bees maintained for the production of honey for sale.

Billboard Sign means a sign other than a portable sign.

Commercial Use means use for the primary purpose of conducting

- (a) a commercial activity; or
- (b) a not-for-profit activity that is not a public use.

Portable Sign means a sign that

- (a) is designed to be moveable and intended for temporary installation (more than two weeks); or
- (b) is designed to be permanently mounted and
 - (i) is erected wholly on an applicant's land; or
 - (ii) does not exceed 2 m in height, 4 m in width and 8 m² in surface area.

Public Use means use for the primary purpose of

- (a) local government administration;
- (b) emergency services;
- (c) community services;
- (d) operating a place of worship;
- (e) operating an educational institution;
- (f) operating a community centre; or
- (g) operating a registered charity as defined in subsection 248(1) of the *Income Tax Act* (Canada).

Residential Use means use for the primary purpose of single residential or multi-residential occupancy.
